"WTIA National Skills Campaign"
Targeting Skills Needs in all Regions to Keep Jobs in Australia

The WTIA has joined forces with industry and Governments and created a multi million dollar Technology Support Centres Network. This Network assists industry to identify and exploit world's best technology and manufacturing methods to establish a vibrant Australian industry beyond 2020. Together we are implementing a step-by-step process that will lead to ongoing viability and greater profitability for all concerned:

- (1) Determine your technological and manufacturing needs;
- (2) Identify world's best practice;
- (3) Draw upon the Network to implement world's best practice at your site.
